Two-Channel Fold-Flat IR Heaphones

Rosen's "New and Exclusive Fold-Flat Design" is now available in a 2-Channel Frequency model for use with multi-screen installations or to support OEM Rear Seat Audio systems if your mobile video installation includes a 2-channel transmitter. Additional features of the AC3640 include Auto Off feature to preserve battery life, adjustable volume control and an improved adjustable headband to fit a wider range of head sizes, including small children. All Rosen overhead video monitors will support an unlimited number of these advanced IR wireless headphones so every mid and third seat passengers can enjoy the true 2-channel stereo sounds available from movie soundtracks or audio discs.

AC Controls for Tahoe/Suburban/Yukon/Yukon XL, will be an additional charge.
